IF You are Planning to Bring Your Own Equipment...

Sleeping bags should have either synthetic or down fill (not cotton) and a synthetic shell.

The bag should weigh less than 8 pounds and be rated for at least 20 degrees.

If you are unsure whether or not your bag meets these requirements, bring it along. We can always let you borrow one of ours.

Backpacks. We provide an external frame pack. If you wish to bring your own backpack, it should have a good hip belt and the size should be between 3000-3500 ci (cubic inches) for external frames and 3500-4500 ci for internal frames. If you are unsure whether or not your backpack is suitable for the program, leave it at home and borrow one of ours.
